Our Process

We often refer to ourselves as winegrowers rather than grape growers because we firmly believe that the flavor profile of our wines comes straight from the vineyard. This wine is the precise definition of what we mean. Typically white grapes are picked around 23.8 Brix, but the grapes for this wine are allowed to ripen to 26 Brix before harvested to retain the natural grape flavor and fruitiness. We pick Sauvignon Blanc grapes first thing in the morning, so the grapes are cold when they are crushed. This is done to avoid premature oxidation, keeping the juice clean and fresh tasting. The result is this tart and refreshing Sauvignon Blanc.

Tasting Notes

Our 2019 Sauvignon Blanc greets you with grapefruit, lemon, and green apple on the nose. On the palate, it's lean, crisp, and clean with refreshing flavors of lime, grapefruit, and passion fruit. You'll enjoy its brightness along with tropical and citrus flavors. When it comes to food, pair this wine with seafood, chicken, and spicy dishes. Overall, it's an expressive wine that can stand on its own as a spring and summer sipper.
