Our Process

We often refer to ourselves as winegrowers rather than grape growers because we firmly believe that the flavor profile of our wines comes straight from the vineyard. This wine is a perfect example. Typically white grapes are picked around 23.8 Brix, but the grapes for this wine are allowed to ripen to 26 Brix to retain the natural grape flavor and fruitiness. We harvest Sauvignon Blanc grapes first thing in the morning, so the grapes are cold when crushed to avoid premature oxidation, keeping the juice clean and fresh tasting. The result is this well-balanced, tart, refreshing Sauvignon Blanc.

Tasting Notes

Fermented and aged in stainless steel, this Sauvignon Blanc is bursting with aromas of grapefruit, mango, and unripe nectarines. Crisp citrus notes with green melon and guava bring vibrant flavors to the palate.

Finishing bright and crisp, this light-bodied wine is enjoyable with light meats, white fish, and soft cheeses.
