

Lanza Family ~ Brand Story

Lanza
FAMILY

The Lanza Family brand tells the story of elevated experience and next-level craftsmanship. The Lanza brothers have taken generations of knowledge and expertise to make the absolute best wines from our Suisun Valley vineyards. We believe that great wine begins in the vineyard, and the wines produced for this brand are of the highest caliber. The grapes selected for the Lanza Family program come from a variety of vineyard blocks and undergo extreme scrutiny before being chosen. As the grapes grow, the vines are subject to multiple thinning passes, to adjust and manage crop size. Additionally, this wine experiences extended barrel and bottle time to bring forward their distinct flavor profiles. We hope when you open a bottle of Lanza Family wine, you experience not only our history but our future.
