

Lanza Italian Collection ~ Brand Story

LANZA

The Lanza Italian Collection of wines were created to honor our Italian heritage. Mario and Lena Lanza both originate from the famous Piedmont region in Northern Italy. When they settled in Suisun Valley, it was with the dream of one day growing and producing wines that would represent their rich Italian heritage. We enthusiastically embraced Mario and Lena's dream by planting Barbera, Primitivo, Sangiovese, and other Italian varietals.
